

## INVENTION RECORD

1. What your name for this invention?

2. What problem does it solve?

3. What other prior inventions address the problem?

4. What shortcomings do the prior inventions have?

5. When did you first think of this invention?

6. By whom were you then employed?

7. Has this invention been disclosed to others? If so, when?

8. Has this invention been sold or offered for sale? If so, when?

9. Have any patent applications been filed for this invention? If so, identify.

## INVENTION RECORD

10. List name and address of each inventor:

11. Append drawings, photos or a video tape of the invention, and describe below the important features of the invention shown. Use reference numbers for clarity.

12. Describe the novel features of the invention:

a. What they are:

b. What they do:

13. If how to make the invention is not obvious, describe how to make it:

**INVENTION RECORD**

14. If how to use the invention is not obvious, describe how to use it:

Inventor #1:

Date signed: \_\_\_\_\_ (signature)  
Inventor 1

Inventor #2:

Date signed: \_\_\_\_\_ (signature)  
Inventor 2
